What will I need to bring with me to vote?

The card will also have the County Commission District, County School Board Zone, Constable Zone, State House of Representatives District, State Senate District and U.S. Congressional District. You are not required to have your voter registration card with you to vote during Early Voting or on Election Day. You will need a valid Photo ID issued by the State of Tennessee or the U.S. Government.

BRING YOUR PHOTO ID WHEN YOU COME TO VOTE

The state's Voter ID law requires poll workers to ask you for your PHOTO ID when you vote. Voter ID strengthens the public's faith in the integrity of our elections by enabling poll workers to match a voter's name to their face.

What IDs are acceptable?

Any of the following IDs may be used, even if expired:

- Tennessee driver license with your photo
- United States Passport
- Photo ID issued by the TN Department of Safety and Homeland Security
- Photo ID issued by the federal or Tennessee state government

- If the photo identification is expired, the voter must also present one of the following: a copy of a current utility bill, bank statement, government check, paycheck or government document that shows the voter's name and address.

Protecting your vote

No eligible voter will be turned away at the polls. Voters who do not bring a Photo ID to the polls can vote using a provisional ballot, which will be counted if the voter returns to the Wilson County Election Commission within two (2) business days after the Election Day with a valid Photo ID.

Examples and a list of acceptable IDs can be found at www.WilsonElections.com

What if I have moved since I last voted or since I registered to vote?

The voter registration application also serves as a name and/or address change request. Complete and sign the form. When updating your address within the county, the form may be mailed, faxed, or emailed with an attached document which includes a scanned signature or submitted in person to our office. When updating one's name, the form must be mailed or taken to our office. The form must be signed and received no later than five (5) days before the election in order to process the change.

Pursuant to TCA § 2-2-107, a person shall be registered as a voter of the precinct in which the person is a resident. This is important because you should only vote on candidates that you are eligible to vote for based on your residence.

You may change your address when you vote on Election Day. However, taking care of the change before coming to vote will save you time, paperwork and possibly having to drive to another polling place to vote.

When you apply to vote, you affirm, under penalty of perjury, that the information you have provided on your application is correct. Providing false information on your voter application is a felony. (TCA § 2-19-107)

Be Prepared for the 2024 Elections

The 2024 elections will be busy. By having the proper photo ID and being educated on the candidates before coming to vote you will be prepared and able to vote quicker allowing for shorter wait times at the polls.

ANY LINE, ANY TIME

You no longer have to go to a specific alphabetical line to receive your application to vote—you will be able to go to any Registrar's line.

By utilizing technology, election officials will be able to serve you more efficiently and timely making your voting experience the best it can be.

USING THE VOTING MACHINES

Make your voting experience the best it can be in 2024. Prepare yourself for the ballot by becoming familiar with what offices are being elected and who the candidates are before coming to the polls.

The poll official helping you with the voting machine will ask you to verify that the ballot code on your application matches the code on the voting machine. Watch the screen and confirm your ballot style with the poll official. If you have questions about the ballot you receive, this is the time to ask them. The poll official is available to answer any questions you may have how to operate the voting machine but cannot give opinions about who to vote for.

The ballot may be several pages. You are not required to vote in all contests, but you do have to look through the entire ballot. At the end of the ballot, you will be asked to review the choices you made on your ballot. Carefully review your ballot. This is the time to ask your poll official if you have any questions about the ballot. If you have reviewed your ballot and do not see a candidate you think should be on it, now is the time to ask your poll official. After reviewing your ballot, and being satisfied with your choices, you will PRINT CARD. Take the printed ballot card and review again. If you are happy with your choices, insert the ballot card into the scanning machine. If you do not see all of your choices, please ask a poll official for assistance.

What special accommodations have been made for elderly, disabled and visually impaired voters?

In accordance with the federal Help America Vote Act (HAVA) and state law, Wilson County has an accessible voting unit for every polling place in the county. The accessible ExpressVote is available at each polling place for every primary or election conducted under Tennessee General Laws, Title 2.

When the registered voter arrives at the polling place, the voter will proceed to the check-in table and will identify himself/herself. The voter will tell registrars at the check-in table that they made need assistance in using the voting equipment and will be directed to the designated accessible ExpressVote.

- › Each polling place will have at least one handicapped-accessible voting booth designated for priority use by disabled or elderly voters. Other voters may use the voting booth only when there are no disabled or elderly voters waiting to vote.
- › Each polling place will be equipped with a sheet magnifier to assist voters who are visually impaired.

What can I do if my polling place is not accessible to voters with disabilities?

All Early Voting and Election Day polling places in Wilson County have been surveyed and are ADA compliant. If you are a voter with a disability and the polling location where you are assigned to vote is inaccessible to you for any reason, you must notify the Wilson County Election Commission not less than 10 days from Election Day.

Provisional Voting Information

PARTY PRIMARY vs. GENERAL ELECTION

A Presidential Preference Primary & possible Wilson County Republican & Democratic Primaries will be held on March 5, 2024. The Federal/State Primary & County General will be held on August 1, 2024. These elections will be Primary Elections to choose their candidates for the General elections.

The November 5, 2024 election will be a Federal & State General Election and municipal elections for Lebanon, Mt. Juliet and Watertown cities.

A **Primary Election** is a nominating election.

Voters that vote in a Primary Election consider themselves Republicans or Democrats- there are no Primary Elections for Independents. In order to vote in the primary, for either party, you will be required to choose which party primary you wish to vote in on your voter application.

Tennessee has two recognized parties – the Republican Party and the Democratic Party. Tennessee holds “Open Primaries”. You are not registered as a member of any party and may vote as your current party allegiance allows.

“A registered voter is entitled to vote in a primary election for offices for which the voter is qualified to vote at the polling place where the voter is registered if:

- 1. The voter is a bona fide member of and affiliated with the political party in whose primary the voter seeks to vote; or*
- 2. At the time the voter seeks to vote, the voter declares allegiance to the political party in whose primary the voter seeks to vote and states that the voter intends to affiliate with that party.” TCA §2-7-115 (b)*

Winning the party’s nomination in a Primary Election is the first step in the election process. It narrows the field in a political party to one individual for a specific office. The winner of the party primary in May will be on the County General ballot in August and the winner of the party primary in August will be on the general election ballot in November representing their party.

You do not have to vote in the primary elections. You may choose to vote only in the Wilson County general election.

A **General Election** is the election in which all voters make the **final choice** from among the party nominees and the independent candidates for a specific office.

In August, the winners in Wilson County offices on the general ballot will take office on September 1, 2024. The winners of the primaries on the August ballot will appear on the general ballot in November and the winners will take office January 1, 2025.

Municipal offices are never partisan races by state law.

THE ELECTORAL COLLEGE

Established in Article II, Section 1 of the U.S. Constitution, the Electoral College is the formal body which elects the President and Vice President of the United States. Each state has as many "electors" in the Electoral College as it has Representatives and Senators in the United States Congress, and the District of Columbia has three electors. When voters go to the polls in a Presidential election, they actually vote for the slate of electors who have vowed to cast their ballots for that ticket in the Electoral College.

The Presidential election process follows a typical cycle:

Time of the year	Event
Spring of the year before an election	Candidates announce their intentions to run.
Summer of the year before an election through Spring of the election year.	Primary and caucus debates take place.
January to June of election year	States and parties hold primaries and caucuses.
July to early September	Parties hold nominating conventions to choose their candidates.
September and October	Candidates participate in presidential debates.
Early November	Election Day is the first Tuesday after the first Monday.
December	Electors cast their votes in the Electoral College.
Early January of the next calendar year	Congress counts the electoral votes.
January 20	Inauguration Day

ABSENTEE VOTING

What is Absentee Voting?

Absentee voting is a voting method that involves voting on a day earlier than the actual Election Day.

Tennessee has two forms of absentee voting:

1. Absentee in person, which is better known as early voting, and
2. Absentee by mail, which is commonly called by-mail voting.

Who may apply to vote By-Mail Absentee?

To vote by mail, a registered voter must fall under one of the following categories:

1. The voter will be outside the county of registration during the early voting period and all day on Election Day;
2. The voter or the voter's spouse is enrolled as a full-time student in an accredited college or university outside the county of registration;
3. The voter's licensed physician has filed a statement with the county election commission stating that, in the physician's judgment, the voter is medically unable to vote in person. The statement must be filed not less than seven (7) days before the election and signed under the penalty of perjury;
4. The voter resides in a licensed facility providing relatively permanent domiciliary care, other than a penal institution, outside the voter's county of residence;
5. The voter will be unable to vote in person due to service as a juror for a federal or state court;
6. The voter is sixty (60) years of age or older;
7. The voter has a physical disability and an inaccessible polling place;
8. The voter is hospitalized, ill, or physically disabled and because of such condition, cannot vote in person;

9. The voter is a caretaker of a person who is hospitalized, ill, or disabled;
10. The voter is a candidate for office in the election;
11. The voter serves as an election day official or as a member or employee of the election commission;
12. The voter's observance of a religious holiday prevents him or her from voting in person during the early voting period and on Election Day;
13. The voter or the voter's spouse possesses a valid commercial drivers license (CDL) or the voter possesses a valid Transportation Worker Identification Credential (TWIC) card and certifies that he or she will be working outside the state or county of registration during the open hours of early voting and Election Day, and has no specific out-of-county or out-of-state address to which mail may be sent or received during such time.
14. The voter is a member of the military or is an overseas citizen.

What is the process for requesting the by-mail ballot?

Download an Absentee Request Form from www.WilsonElections.com. Or send a request a by mail, fax or email with an attached document which includes a scanned signature and the following information directly to our office:

1. Name of the registered voter
2. Address of the voter's residence
3. Voter's social security number
4. Voter's date of birth
5. Address to mail the ballot outside the county (this applies only when the reason for voting by mail involves that the voter will be outside of the county during early voting and on election day)
6. The election in which the voter wishes to participate. If the election involves a primary, the political party in which the voter wishes to participate.
7. Reason the voter wishes to vote absentee. If applicable, a copy of the CDL containing the CDL number or the TWIC card must be included in the voter's request.
8. Voter's signature

A request that contains this information will be processed and a ballot will be mailed to the voter.

Is any additional information required for individuals who have registered to vote by mail?

Unless an individual who has registered to vote by mail is on the permanent absentee voting register, that person must appear in person to vote in the first election after the registration becomes effective. If a by-mail registrant has already voted in person since the registration, then no additional information will be required to vote by mail.

How can a person who possesses a valid commercial driver license (or the spouse of a person possessing a valid commercial driver license) or a transportation worker identification credential and who will be working outside the county of registration during the early voting period and all day on election day vote? If the voter (or spouse) possesses a valid commercial driver license or the voter possesses a valid transportation worker credential card and does not have a specific out-of-county or out-of-state address to which mail may be sent or received during the early voting or Election Day hours, the voter may:

- a. Complete an application to vote absentee by mail at the Wilson County Election Commission office; or
- b. Send a written request that contains the information discussed in the question above; **and**

- c. Provide a copy of the current commercial driver license which contains the commercial driver's license number or a copy of the current transportation worker credential card;

-

When may a registered voter apply to vote by mail?

To be processed for the next election, the application must be received by the election commission no later than seven (7) days before the election.

To be counted, when must the ballot be received by the election commission?

The county election commission must receive the ballot by mail no later than the close of polls on Election Day. Once the election commission issues an absentee by-mail ballot to a voter, the voter can only vote by mail.

What if I do not receive or ruin my ballot and can no longer use it?

If a voter notifies the election commission that he or she has "spoiled" a ballot or has not received the ballot, the election commission shall note on the records that subsequent supplies have been sent and supply the voter with subsequent voting supplies.

What if I do not provide all of the information required on the by-mail ballot application?

The county election commission will reject the application and return the application to the voter immediately by mail to be completed and returned again. If time permits, any rejected application must be corrected and returned to the County Election Commission by the seventh (7th) day before the Election.

Can the ballot be hand delivered?

No. The by-mail ballot must be received by the county election commission office through the postal mail.

Military/Overseas Voting

Military personnel, their family members and overseas voters (UOCAVA voters) may receive their absentee ballot via e-mail upon request. UOCAVA voters may track when the ballot was received by their local county election commission office. The voted ballot must be received by the local county election commission office by the close of polls on Election Day to be counted.

If you are not in the military, a family member of the military, or an overseas citizen, these instructions do not apply to you and you may not use the Form 76. (Please refer to Absentee Voting.)

Who may apply to vote absentee under T.C.A. § 2-6-502?

To vote pursuant to the above statute, an individual must fall into one of the following categories.

MILITARY PERSONNEL: Persons who are United States citizens, residents of Tennessee and members of the Uniformed Services (i.e., armed forces personnel), and their family members.

"Armed forces personnel" is defined in T.C.A. § 2-1-104(1) as members of the Army, Navy, Air Force, Marine Corps, Coast Guard, Environmental Science Service Administration, Public Health Service of the United States or members of the Merchant Marine of the United States, and their spouses and dependents.

CIVILIANS OUTSIDE U.S.: Persons who are United States citizens, residents of Tennessee, and who are currently residing overseas.

OVERSEAS CITIZEN: A United States citizen who resides outside the U.S. and, but for living outside the U.S., would be qualified to vote in Tennessee.

PERSONS BORN OVERSEAS: A person who has never lived in the U.S. but has a parent who is eligible to vote in Tennessee may vote in Tennessee in the same voting residence claimed by the parent.

Must I already be a registered voter to vote in Tennessee pursuant to this provision?

No. If you meet the qualifications to register to vote in Tennessee but have not registered prior to requesting an absentee ballot and you fall into one of the above categories, your application for absentee ballot will be treated as an application for temporary registration.

Normally, an individual who registers to vote by mail must appear in person in the first election the person votes in after such registration becomes effective. This provision is waived in the case of military personnel, their family members, or overseas citizens. However, since this is only a temporary registration, once you are no longer eligible to vote under this provision of the law, you must complete a voter registration form and submit the form to your local county election commission prior to voting in any subsequent election.

If you are a registered voter prior to requesting an absentee ballot under this provision, the above information does not apply to you.

When may a registered voter or individual who meets the above requirements apply to vote by absentee ballot?

Applications may be received no earlier than January 1 of the year in which the election is to be held unless the election is to be held less than ninety (90) days after January 1 of the calendar year. In that case, the application may be received no earlier than ninety (90) days before the election and no later than seven (7) days before the election.

What is the process for requesting an absentee ballot?

An individual who meets the above requirements may request an absentee ballot by completing a Federal Post Card application, also known as a "Form 76 or FPCA" (herein Form 76).

The Federal Voting Assistance Program provides an **online version of the Form 76** that a voter may complete and send to the local county election commission. (Go to the bottom of the page and click "Click Here To Get The Form." For information on Tennessee click the "states pages" and then Tennessee.) Once you have provided all the information needed to obtain a ballot, print the form and sign the application. Go to www.fvap.gov to download the form.

How do I submit the request or application to my local county commission?

The form may be mailed, faxed or emailed with an attached document that includes a scanned signature to the Wilson County Election Commission office.

To be counted, when must the voted ballot be received by the county election commission?

The voted ballot must be received by mail by the close of the polls on Election Day. If the ballot is rejected, the registered voter will be notified that the ballot was rejected and why the ballot was rejected.

Must I submit an application for each election in the upcoming year?

No. The voter will receive absentee ballots for all regularly scheduled elections for the calendar year in which the request is submitted. Note that it is the voter's responsibility to keep the local county election office informed of any changes of address. The ballots will be mailed or e-mailed, depending on the choice of the voter, to the address that is originally submitted to the local county election office until further notice from the voter.

What if I do not receive or ruin my ballot and can no longer use it?

If a voter notifies the election commission that he or she has “spoiled” a ballot or has not received the ballot, the election commission shall note on the records that subsequent supplies have been sent and supply the voter with subsequent voting supplies.

After timely requesting an official absentee ballot, Armed Forces personnel and overseas voters who feel that there may not be a sufficient amount of time to receive and then return the voted ballot may also use the Federal Write-In Absentee Ballot (FWAB).

Instructions for completing an FWAB may be found at

<https://www.fvap.gov/uploads/FVAP/Forms/FWABwithOMBFinal.pdf>

To obtain a FWAB see your voting officer or you may print the ballot at

For Security Envelope - <https://www.fvap.gov/eo/overview/materials/forms>

For Return Envelope - <https://www.fvap.gov/eo/overview/materials/forms>

Note: If both ballots are received prior to the close of the polls on Election Day, the county election commission will count the official ballot it provided to the voter.

What if I do not provide all of the information required on the by-mail ballot application?

The county election commission will reject the application and return the application to the voter immediately by mail to be completed and returned again.

How may I receive my absentee ballot?

Tennessee allows you to receive an absentee ballot by mail or e-mail. Please indicate how you would like to receive your absentee ballot on your request. If you indicate e-mail, provide your e-mail address (on the Form 76 your e-mail address should be provided in Block 2) with the request. If you do not indicate how you want your absentee ballot sent, the absentee ballot will be mailed. Tennessee does not allow you to receive your absentee ballot by fax.

May I track my absentee ballot?

Yes. Go to [Tennessee's voter lookup page](#) on the Division of Elections homepage. Enter your information and you will be able to track when the ballot was received by the Wilson County Election Commission office. If you need assistance, contact your local county election commission office.

Restoration of Voting Rights

Article 4, §2 of the Tennessee Constitution provides that the Tennessee legislature may deny the right to vote to persons convicted of "infamous" crimes. Pursuant to this provision in the Tennessee Constitution, the Tennessee legislature has excluded individuals convicted of various felonies from the right of suffrage.

However, the legislature has also established conditions and procedures through which individuals who have lost their voting rights may regain them. The manner in which a person may restore a lost voting right depends upon the crime committed and the year in which the conviction occurred.

A Restoration of Voting Rights Form can be obtained from the Wilson County Election Commission.

The restoration of voting rights form may be used to restore an individual's voting rights for a felony conviction on or after May 18, 1981. **Note:** For each felony conviction imposed on or after May 18, 1981, whether it is a federal conviction, a state conviction within Tennessee or a state conviction from another state, a separate restoration of voting rights form must be completed for each felony conviction with a different docket/case number.

The form must be completed by an agent, such as a probation/parole officer or criminal court clerk, who has the authority to provide the required information regarding the individual's conviction, final release date and information regarding restitution or court cost. The person convicted of the felony offense may not complete the restoration of voting rights form. Once the form(s) are completed, the form(s) must be submitted to the local county election commission office in the county in which the individual resides.

The restoration of voting rights form only restores an individual's voting rights. An individual's citizenship rights must be restored through a court order.
